

Computing – Year 2

ALGORITHMS and PROGRAMS	
I can use logical reasoning to predict the behaviour of programs	
<u>Working below</u>	<u>Exceeding</u>
I can input algorithms to create animations and simple programs	
<u>Working below</u>	<u>Exceeding</u>
I can debug a simple program using logical reasoning	
<u>Working below</u>	<u>Exceeding</u>
I know programs run on different types of inputs	
<u>Working below</u>	<u>Exceeding</u>
I know that programs need precise and clear instructions to work	
<u>Working below</u>	<u>Exceeding</u>
USING TECHNOLOGY	
I can use technology to purposefully create, retrieve and manipulate digital content	
<u>Working below</u>	<u>Exceeding</u>
I can navigate the web to complete simple searches	
<u>Working below</u>	<u>Exceeding</u>
I know that the keyboard can be used to move objects on screen	
<u>Working below</u>	<u>Exceeding</u>
WORKING SAFELY	
I can use technology safely	
<u>Working below</u>	<u>Exceeding</u>
I can use technology respectfully	
<u>Working below</u>	<u>Exceeding</u>
I know where to go for help if I'm concerned about anything on a computer or device	
<u>Working below</u>	<u>Exceeding</u>
I can talk about the uses of IT beyond school	
<u>Working below</u>	<u>Exceeding</u>
