Wednesday 5th June 2024

Dear Parents/Carers,

Zoolab Visit for Reception Classes

We are delighted to tell you that we have organised a Zoolab workshop for the children in Hedgehogs and Squirrels on Tuesday 18th June.

A portion of funds raised from the Sponsored Walk, plus funding from a Science project are covering the costs, therefore there is no charge.

This enrichment experience ties in with our topic on minibeasts and the children will be learning what a minibeast is and why they are important. They will also get an opportunity to see and possibly handle some live minibeasts! Examples of animals used in these workshops are: snakes, spiders, snails, centipedes and cockroaches.

If your child has any allergies or a fear/phobia about any of the minibeasts likely to be part of the workshop, please could you let us know the details on the slip below or come and speak to us.

Thank you for your support.

Yours sincerely,

Miss Kerry Miss Hassan
