Recommended reads

Until our reading awards return this part of our newsletter will be used to share some new (and not so new) exciting children's books or look out for!

For slightly older readers, this is a funny story about an amazing discovery Tomas makes in his Grandad's garden...

This is the first book in a whole series of dragon adventures!

A beautiful picture book that celebrates love and inclusion. Can Grandad's granddaughter help him find happiness again?

Vocabulary Corner

Our current topic 'Why is food so important?' means we are exploring everything food related. In Design and Technology the children will have an opportunity to make and prepare their own snacks so we focus on Design and Technology for vocabulary today...

Grate - to break into small pieces by rubbing against something rough

Peel - to pull, tear, or cut an outer covering
'The bridge' and **'The claw'** - two types of cutting techniques

Recipe - a list of ingredients and instructions for making a food dish

Ingredient - one of the parts of a mixture
