## Safeguarding Statement

At Thorpe Acre Infant School, we respect and value all children and are committed to providing a caring, friendly and safe environment for all our pupils so they can learn, in a relaxed and secure atmosphere. We believe every pupil should be able to participate in all school activities in an enjoyable and safe environment and be protected from harm. This is the responsibility of every adult employed by, or invited to deliver services at Thorpe Acre Infant School. We recognise our responsibility to safeguard all who access school and promote the welfare of all our pupils by protecting them from physical, sexual and emotional abuse, neglect and bullying.

## GDPR Statement

The school has arrangements in place to ensure that all personal data records held by the school are obtained, processed, used and retained in accordance with the principles of data protection (based on the Data Protection Acts).

## Equality Impact Statement

We have carefully considered and analysed the impact of this policy on equality and the possible implications for pupils with protected characteristics, as part of our commitment to meet the Public Sector Equality Duty (PSED) requirement to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations.

### 1. Aims

This policy aims to ensure that:

- Intimate care is carried out properly by staff, in line with any agreed plans
- The dignity, rights and wellbeing of children are safeguarded
- Pupils with intimate care difficulties are not discriminated against, in line with the Equalities Act 2010

- Parents are assured that staff are knowledgeable about intimate care and that the needs of their children are taken into account
- Staff carrying out intimate care work do so within guidelines (i.e. health and safety, manual handling, safeguarding protocols awareness) that protect themselves and the pupils involved

Intimate care refers to any care which involves toileting, washing, changing, touching or carrying out an invasive procedure to children's intimate personal areas.

## **2. Legislation and statutory guidance**

This policy complies with Keeping Children Safe in Education (Sept 2022).

## **3. Role of parents**

### **3.1 Seeking parental permission**

For children who need routine or occasional intimate care (e.g. for toileting or toileting accidents), parents will be asked to sign a consent form.

For children whose needs are more complex or who need particular support outside of what's covered in the permission form, an intimate care plan will be created in discussion with parents (see section 3.2 below).

Where there isn't an intimate care plan or parental consent for routine care in place, parental permission will be sought before performing any intimate care procedure. If the school is unable to get in touch with parents and an intimate care procedure urgently needs to be carried out, the procedure will be carried out to ensure the child is comfortable, and the school will inform parents afterwards.

### **3.2 Creating an intimate care plan**

Where an intimate care plan is required, it will be agreed in discussion between the school, parents, the child (when possible) and any relevant health professionals.

The school will work with parents and take their preferences on board to make the process of intimate care as comfortable as possible, dealing with needs sensitively and appropriately.

Subject to their age and understanding, the preferences of the child will also be taken into account. If there's doubt whether the child is able to make an informed choice, their parents will be consulted.

The plan will be reviewed twice a year, even if no changes are necessary, and updated regularly, as well as whenever there are changes to a pupil's needs.

See appendix 1 to see what this will cover.

### **3.3 Sharing information**

The school will share information with parents as needed to ensure a consistent approach. It will expect parents to also share relevant information regarding any intimate matters as needed.

## **4. Role of staff**

### **4.1 Which staff will be responsible**

Any roles who may carry out intimate care will have this set out in their job description. This includes learning support assistants. No other staff members can be required to provide intimate care. All staff at the school who carry out intimate care will have been subject to an enhanced Disclosure and Barring Service (DBS) with a barred list check before appointment, as well as other checks on their employment history.

### **4.2 How staff will be trained**

Staff will receive:

- Training in the specific types of intimate care they undertake
- Regular safeguarding training
- If necessary, manual handling training that enables them to remain safe and for the pupil to have as much participation as is possible

They will be familiar with:

- The control measures set out in risk assessments carried out by the school
- Hygiene and health and safety procedures.

They will also be encouraged to seek further advice as needed.

## **5. Intimate care procedures**

### **5.1 How procedures will happen**

2 members of staff will be present. Procedures will be carried out in either the cloakroom attached to the classroom or in the medical room.

When carrying out procedures, the school will provide staff with protective gloves, cleaning supplies, changing mats and bins.

For pupils needing routine intimate care, the school expects parents to provide, when necessary, a good stock (at least a week's worth in advance) of necessary resources, such as nappies, underwear and/or a spare set of clothing.

Any soiled clothing will be contained securely, clearly labelled, and discreetly returned to parents at the end of the day.

### **5.2 Concerns about safeguarding**

If a member of staff carrying out intimate care has concerns about physical changes in a child's appearance (e.g. marks, bruises, soreness), they will report this using the school's safeguarding procedures.

If a child is hurt accidentally or there is an issue when carrying out the procedure, the staff member will report the incident immediately to the Designated Safeguarding Lead.

If a child makes an allegation against a member of staff, the responsibility for intimate care of that child will be given to another member of staff as quickly as possible and the allegation will be investigated according to the school's safeguarding procedures.

## 6. Monitoring arrangements

This policy will be reviewed and approved by the Governing Body annually.

## 7. Links with other policies

This policy links to the following policies and procedures:

- Accessibility plan
- Child protection and safeguarding
- Health and safety
- SEN
- Supporting pupils with medical conditions
